ALUMNI ASSOCIATION

Surya Engineering College had an informal Alumni Association which was working effectively since 2018. Due to the excellent rapport shared by our faculties with alumni we are able to make a strong bonding and network between alumni and institute. Many of them are willing to 'Give-Back' to their alma-mater as a sign of their gratitude and affinity towards the institution in the format of their knowledge and skills that they have learned in this huge IT world.

This informal Alumni Association with the different suggestions by alumni has transformed to formal registered Alumni Association in the year 2023 with registration no: SRG/Erode/68/2023 via the Act 1975(27 of 1975).

The main objectives of Alumni Associations are:

- Diffusion of useful knowledge among the members.
- To maintain an adequate Library and access to College Alumni Website for the use of the members.
- To provide physical and mental recreation to members.
- To encourage games and cultural activities.
- To provide Value Added Courses to the students.
- To promote extension programmes.
- To carry on any activity or activities of a charitable nature and of general public utility.
- To create new facilities for higher learning.
- To promote personality development and soft skills among the young generation.
- All the above objects without any profit
- To bring old students of Surya Engineering College under one forum for exchange of experience, knowledge and talents amongst members and the students of the college.
- To promote social, cultural and educational relation among the members educated from college with a view to develop the institution and those who pass out from it.
- To safeguard and promote the interest of the members by constitutional means and to setup a welfare fund for the welfare of the members under the rules and bye-laws framed thereof for the operation of the fund.

Benefits of Alumni Association Membership:

- A Strong Network of Alumni.
- Alumni career services.
- This membership will provide a social platform.

- This will help to keep in touch with your classmates, faculties and current batch of students.
- This association will help and support needy and bright students.
- The funds raised by alumni association members will help to increase our strategic initiatives of engaging alumni, creating tangible events and programs.
- Scholarships to the needy, scholar and brighter students.
- Automation or up-gradation in technology.
- Modernization in technology which will help for students as well faculty progression.

As per discussion with a core team member of Alumni Association we have categorized these memberships as below

- 1 Year Membership 200/- Rs
- 3 Year Membership 1000/- Rs
- Life time Membership 5000/-Rs

Placements - The alumni network of an institute is one of the biggest sources for placement. Alumni always help to place their juniors at their respective organizations.

Mentorship - Our alumni always play an active role in voluntary programmes like mentoring students in their areas of expertise.

Networking Platform - Alumni network by itself is one of the best professional networking platforms available today in institute.
